# The Beaver Computational Thinking Competition

By See Yeap

The Beaver Computational Thinking Competition is an online competition organised to raise interest in computer science concepts and logical problem solving among students. This competition was held on 17th April 2019, Wednesday, in SJIS Campus 1 ICT Lab.

"Beaver" has been selected as the mascot due to its industriousness and natural engineering capabilities. The Beaver Computational Thinking in Malaysia is organised by Beaver Informatics Malaysia Secretariat and supported by Malaysia Digital Economy Corporation (MDeC), an agency under the Ministry of Communications and Multimedia Malaysia.

We are proud to announce that our SJIS students have secured 3 Silver medals and 10 Honourable Mention in the above-mentioned competition.

Listed below are the names of our outstanding students :

Silver Medal Achiever:

Chew Hao Shern

Damien Yap Zhi Khuen

Wayan Wong Jian Wei

Honorable Mention Achiever:

Javier Yap Juan Wei

Mun Wei Beng

N R Selva Sheren

Russell Low

Chai Tse Wei

Ethan Ng Jia Le

Kaitlyn Ng Mu Jan
